

Noise Barrier for Walls

Applications

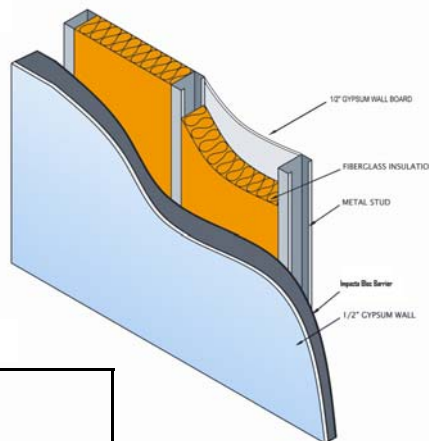

- New Construction / Renovations
- Homes, Condos, Apartments
- Home Theaters / Music & Dance Studios
- Hotels / Motels
- Schools, Restaurants, Bars

Impacta Noise Barrier by Sound Seal is a flexible noise barrier that is designed to stop the passage of sound through walls and ceilings. Impacta noise barrier is a mass-loaded vinyl barrier that weighs 1 lb per sq ft and is easily installed on wood or steel studs. Impacta NB-1 is available in rolls of 54" wide by lengths of 30' or 60' rolls. Installation of NB-1 will increase the overall STC by 9 points with an increase of 15 points in the speech frequencies of 2000–4000 hertz.

<i>Physical Data</i>	
Weight / Roll size	1 lb sf / 54" x 30' or 60'
Tensile (PSI)	762
